## Clean Corridors Meeting

November 3 & 4, 2016

Rensselaer Polytechnic Institute, Heffner Alumni House  
1301 Peoples Ave., Troy, New York 12180

The **Clean Corridors Meeting** is an informative, action-driven, day-and-a-half program focused on setting priorities for programs and infrastructure to support clean freight corridors in the Northeast and United States.

### Why Now?

- USDOT recent solicitation for Alt. Fuel Corridor designations.
- Coalitions responded to Section 1413 in unprecedented ways.
- Go deeper in sharing perspectives, resources and common goals.
- Advance awareness of today's challenges with innovative strategies and partnerships.

### What Will We Accomplish?

- Discuss most promising fuels, technologies and strategies for clean corridors.
- Evaluate best approaches to developing and implementing clean corridors
- Enhanced multi-stakeholder coordination.
- ID needs and elements of a toolkit to aid agencies and partners in coordinating across disciplines for clean freight corridors.

Department of  
Transportation

# Clean Corridors Meeting

## Hear from Our Hosts & Partners

- **Abby Swaine**, U.S. Environmental Protection Agency  
*This meeting affords a timely opportunity to collaborate with critical stakeholders on organizing a sustainable approach to minimizing freight emissions*
- **Diane Turchetta**, U.S. Federal Highway Administration  
*Why FHWA is supporting both Day 1 & Day 2 through the Pooled Fund mechanism, and how does Day 2 gear towards skills & tools development for state DOT staff*
- **Jeffrey Wojtowicz**, Rensselaer Polytechnic Institute  
*Why RPI agreed to be the venue host—and what this event means for RPI research and education*
- **Alan Warde**, New York State Department of Transportation  
*Why we're excited to co-host, to advance clean freight corridor planning within NY and with nearby state partners*

# Clean Corridors Meeting

## Hear from Our Hosts & Partners

- **Art James**, Oregon Department of Transportation

*As the lead Pooled Fund DOT, what is ODOT's role and what type tools can be developed from the Meeting's outcomes*

- **Gina Campoli**, Vermont Agency of Transportation

*Why we and other state agencies support the TCI vision for a Northeast EV Corridor, and possible ways to coordinate between passenger and freight interests on electric infrastructure.*

- **Lee Grannis**, New Haven Clean Cities

*How the CFC workshop unites our interests in serving the freight sector and in collaborating across Coalitions and with diverse partners*
